David Fox

Front-end Developer

OBJECTIVE

Motivated Foreman with 14 years of construction experience. Taking my passion for building, leadership, and problem solving in a new direction. Front-end development is a way to change my medium to build meaningful and long lasting structures. The pace I am able to grow in my current trade has slowed due to my experience and available opportunities. I am energized by the growth prospects that this new quest has to offer.

EXPERIENCE

Front-end Developer | 2021 - present
- React SPA using Spotify's api for making playlists.
